Pleading For Help

\$75,000 POTTERY PLANS

LEAVING DEATH and destruction in its wake a tornado which raged through Florida has necessitated a plea for \$5,000,000 to aid the injured and homeless. An air view of West Palm Beach, hardest hit of Florida cities, is shown above.

HOMELESS will reach many thousands officials report. One of the wrecked homes above.

LIKE PAPER toys of children the houses crumbled before the crushing wind. Former residents of this home are living in a tent.

MRS. WALKER VISITS
Mrs. James Walker and her three children have left Richmond for a month's visit with Mrs. Walker's father, John Sutter, in St. Louis, Mo. Sutter is celebrating his seventy-ninth birthday soon. The Walker home is in Barrett avenue.

SPEEDER FINED
Judge J. L. Kennon of Emeryville fined G. H. Gehrhardt, Sr., of Richmond \$15 on a speeding charge.

MARRIAGE LICENSE
Elmer Pegari, 28, of Richmond and Mamie Pereira, 23, of Danville have made application for a marriage license.

RICHMOND TO BE HOME FOR NEW INDUSTRY

Incorporation of the San Pablo Vitreous Pottery company is expected to be completed early this week with the filing of incorporation papers with the state commissioner. Definite plans for the new \$75,000 corporation were announced yesterday by a group of Richmond business men interested in the project.

A plant housing two kilns is to be constructed on Kearney street, near the city limits. The structure is to be built on a three-acre tract extending from Kearney to the Santa Fe right of way. It will have a frontage of 100 feet and be 100 feet deep. The proximity of the Santa Fe railway line will facilitate transportation for the company which will have the entire Pacific Coast as a market. Chinaware and tableware of all kinds will be manufactured. This will be the only plant of its kind on the Pacific Coast, according to officials of the company. Local raw material will be used. It is pointed out that with the securing of material locally the company will be able to successfully compete with eastern concerns now shipping tableware into this section.

It is expected that from 50 to 60 men will be employed in the plant which will start operation soon after the first of the year. It is expected that another month will be required for organization after which actual construction of the plant will start.

Harry E. Allumbaugh who will build the plant will be one of the directors of the organization as will F. A. Cascon, owner of the tract upon which the building will be located.

**Pittsburg Asks
Damage Appeal**
PITTSBURG, Sept. 2.—City Attorney R. N. Wolfe, on behalf of the city of Pittsburg, has petitioned the California supreme court for a rehearing of its judgment which affirmed awards of \$32,000 damages against the city.

The award was made by the San Joaquin county superior court for the death of one person and the illness of 18 others, allegedly caused by drinking water served through city mains in 1920.

In the petition the city contends that illness laid to the drinking water was not caused through negligence of city employees and that accident caused the municipal chlorination plant to become inoperative.

**Motorist, Girl Die
Under S. P. Train**
SAN FRANCISCO, Sept. 2.—(U.P.)—A kindly motorist and a 14-year-old girl to whom he had given a lift were killed today at Santa Clara when the automobile in which they were riding was struck by the Southern Pacific daylight limited at Lafayette crossing.

They were Antone Founts, 28, of Santa Clara, and Amelia Mellin, 14, of Agnew. Founts had picked the girl up to give her a ride to Santa Clara and witnesses say he tried to beat the train to the crossing.

Deer Honors For Year Go To Art Coon

Here's something for Richmond hunters to shoot at—and until they hit something better, all honors for the present deer hunting season go to Art Coon, 2227 Macdonald avenue.

Wearing a grin from ear to ear, Coon appeared in Richmond this morning lugging a seven-point set of horns, the result of 10 days spent up in Moraga county near Cedarville. The horns which are to be mounted, have a spread of 32½ inches. The carcase of the mule deer when dressed tipped the scales at 360 pounds.

According to Coon, the deer are not so plentiful in Moraga county due to a lack of timber because of grass fires and the large number of sheep that have been running in that section. Those that are to be seen are well worth going after, though, he declares.

FINAL ACTION ON LAFAYETTE DAM DELAYED

While geologists and engineers continue their examination of the break in the Lafayette dam and the foundation rock residents of the district are demanding that the project be abandoned for all times to insure safety for the residents of the district.

REPORT MADE
The only reference concerning the dam sinkage made at a recent meeting of the Utility directors was a report of Arthur P. Davis, general manager. The report was ordered filed.

There is a growing sentiment among residents of Lafayette, Sarnack, Walnut Creek, Concord and Pacheco, that the dam should not be completed, according to reports received.

TESTS CONTINUED
Engineers and geologists are continuing their tests of the foundation which was shoved up by the

INTERVENTION THREAT SEEN BY REPUBLIC

WASHINGTON, Sept. 22.—(U.P.)—Relations between Colombia and the United States were troubled tonight after an exchange of notes in which the United States charged Colombia with refusing to act in a manner customary in international relations between friendly nations.

The dispute involves the Barco oil concession—a 5,000-acre area in a district of which about 50 percent is American owned. Reports in Bogotá capital of Colombia, ascribed to the United States the intention to intervene and said a note indicating that purpose had been received by the Colombian government.

The state department categorically denied intervention had been mentioned in a note forwarded from Washington Sept. 11, and subsequently delivered to the Colombian government. The United Press was informed that the note did intimate, however, that the attitude of the Colombian government would not prevent the United States from giving such protection and assistance to United States citizens as might be necessary.

2 YEAR TROUBLE
Colombian-American relations have been troubled for more than two years by the Barco oil concessions difficulty. The background of the case was outlined officially to the United Press as follows:

In March, 1926, the Colombian government issued a decree cancelling the Barco concern and the concessionaires presented a memorial to the Colombian government.

(Continued on Page Eight)

**STATE FOREST
FIRES BATTLED**
SAN FRANCISCO, Sept. 22.—(U.P.)—More than 2000 men tonight were fighting forest and brush fires that had taken two lives and seriously burned a dozen persons in various sections of California.

The two known fatalities were Nell Lane, 38, killed when a gas tank was ignited by a brush fire near Livermore, and an unidentified man reported by State Forester N. B. Pratt as having been burned to death in Mendocino county.

The heaviest forces of the army of firefighters were concentrated in southern California where blazes were devastating areas in Los Angeles, Ventura, San Diego and Riverside counties. Seven persons were badly burned when the flames trapped three automobiles on the Ridge Route, main arterial between Los Angeles and San Joaquin valley points.

In northern California the fire had threatened to wipe out Magalia, old Mother Lode mining camp seemed to be, temporarily at least, under control. It was believed that the business section of that town would be saved, although the flames had destroyed several buildings in the outskirts.

American Legion members and high school children were aiding the firefighters in the Magalia district.

In Los Angeles scores of firefighters were drafted.

Frenzied Mob At Bay While Youth Admits Slaying

HONOLULU, Sept. 22.—(U.P.)—While a frenzied mob of hundreds crowded around the Honolulu police station tonight 19-year-old Myles Fukunaga, Japanese, confessed to the kidnapping and murder of little Gil Jamieson, ten-year-old son of a Honolulu banker.

Fukunaga told the detectives he had committed the crime unaided. "I am guilty! I did it alone," was the form of his brief confession.

Fukunaga, traced to Valuaia, 30 miles from here where he passed a \$5 note paid him by the boy's father as ransom, was arrested a short time later by a detective and a member of confidential police. He was taken to the Honolulu police station where a cordon of

cadets was thrown around the building to prevent any action by a rapidly growing throng. Detectives visited the Japanese room where they found number of detective magazines and notes in a kidnapping and murder.

Fukunaga's mother, upon being informed of her son's arrest, told officers he had suffered from mental illness for some time and had undergone treatment for his malady.

**Smith In Hoover
Attack On Power**

DENVER, Colo. Sept. 22.—(U.P.)—Governor Alfred E. Smith opened fire on his Republican opponent, Herbert Hoover, on the water power issue in his speech here tonight by charging in the text of his address published in advance that Hoover knew of the "power lobby" intended to influence congressional action and legislation and is in sympathy with propaganda against public ownership.

He challenged Hoover in his speech which was a detailed analysis of his own position, to "define clearly to the people of the country his stand upon this issue."

He localized the issue to this part of the west by stating in respect to the Boulder dam project that if the board of engineers and geologists appointed under act of congress decided that the federal government should build it, he would accept this decision, but that if he becomes president and the project still is not underway, he is confident it could be built by a plan similar to that of the New York port authority whereby the seven states involved would finance the construction. He emphasized there must be cooperation between state and federal government.

**Hurricane Fund In
Richmond Grows**

Volunteer workers of the Richmond chapter of the American Red Cross have been working strenuously during the past two days in an effort to raise Richmond's quota of \$1500 for the hurricane relief fund.

Yesterday booths at the California theater and at Richard's real estate office were in charge of Mrs. John McCann, Mrs. W. P. Cooper, Miss Parkes, Mrs. W. Tsar

Calfee and Mrs. Lowell Sears.

Friday Mrs. W. P. Cooper, Mrs. Roy Eakle and Mrs. Frank Gordon were in charge of the booths. Members of Longfellow and Troop No. 3 of Girl Scouts with Mrs. C. R. Both in charge assisted the women.

The fund raising campaign will be carried on tomorrow and business houses will be called upon.

**Boy Killed When
Plane Hits Crowd**
NAPA, Sept. 22.—(U.P.)—Plowing 10, his son, suffered severe scalp wounds.

St. Helena late today, an airplane killed a three year old boy and seriously injured two others.

The dead: Robert Wainwright, 3, attempted to take off in an airplane from a rancher.

The injured: A. M. Patterson, 35, he had been visiting his father, Oregon City, Ore, and Douglas, in law.

BIRTHS RECORDED
Three birth certificates were filed with the city health department yesterday. They were: a daughter to Mr. and Mrs. Spencer Prichard, 125 Eighth street, September 17; and sons to Mr. and Mrs. M. M. Gomez, Rodeo, September 16; Mr. and Mrs. D. Hollis of 456 Fourteenth street, September 11.

**Final Report Of
Grand Jury Near**
MARTINEZ, Sept. 22.—Committee reports being incomplete, the Contra Costa county grand jury was unable to present its report to Superior Court Judge R. V. Alvarado late yesterday as members had anticipated. The final meeting of the grand jury is scheduled to be held next week.

Society and Club News

Y. L. I. Holds Bridge Party At Golf Club

Hostesses at a bridge tea yesterday afternoon in Carquinez golf club were members of Young Ladies Institute. Each member had invited three friends to make up a table for cards. Eighteen tables were assembled at the affair.

Chairman of arrangements of the event was Miss Helen Gately who was assisted by Mrs. Hannah Cronin, Miss Agnes Ring, Miss Helen Mohamed and Miss Margaret Rogers.

Refreshments were served at the tables which were decorated with fall flowers.

Miss Irene Carey is president of the Richmond Young Ladies Institute.

HARMONY COURT WHIST PARTY SUCCESSFUL

Harmony Court Order of Amaranth held a successful whist party last night in Masonic hall following a business meeting presided over by Mrs. Elizabeth Gerlach, worthy matron, and James T. D. Nabbert, worthy patron.

Prizes were awarded to Mrs. Edith Brashers, Mrs. Velma Quinn, Mrs. Violet Hall and Andrew Trautvetter. Mrs. Charlotte Cunningham was awarded the door prize.

The committee in charge of the event was Mrs. Elizabeth Gerlach, Mrs. Velma Quinn, Mrs. Minnie Phillips, Mrs. Elizabeth Campbell and Mrs. Charlotte Hicks.

Mrs. Bush Fedet Leaves Soon For Honolulu, T. H.

Honoring her daughter, Mrs. N. T. Bush, who is leaving shortly for Honolulu, Mrs. J. J. Coward entertained this week at her home in Terrace street, Westside.

Carrying out an Hawaiian theme, a miniature Waikiki beach formed a centerpiece at the luncheon table.

Among the guests were: Mrs. Lauritzen, Mrs. Bush, Mrs. Berntha Terry, Mrs. E. M. Horner, Mrs. Birdie Blandin, Mrs. Violet Hall, Mrs. Connie Webster, Mrs. Esther Self and Mrs. A. Y. Armour of Oakland.

MANY ATTEND DANCE HELD BY GIRL SCOUTS

The dining room of the Hotel Carquinez was crowded last night for the dance sponsored by the Girl Scouts. The committee in charge of decorations arranged some artistic effects by means of painted lampshades.

Music for the dancing was furnished by Welger's orchestra. Miss Viola Treanor was general chairman of the event and was assisted by the following committees:

Tickets: O. A. Poulsen, W. F. Fraser.

Floor: Mrs. J. W. Smiley and Fire Chief W. P. Cooper.

Decorations: Mrs. Alice Tomlin, Mrs. Fred Risley, Mrs. J. I. Esola, Police Chief Daniel J. Cox and George Thornton.

Publicity: W. F. Fraser, Mrs. L. W. Wuesthoff.

Reception: Mayor Mattie Chandler, E. M. Downer, Miss Nora A. Field, Dr. Rosa Powell, Mrs. Gaudie Both, Louis Garfinkle, Mrs. H. P. Loda, Mrs. M. Buckley.

Tickets will be on sale today at Ben O'Sweats.

Rehearsals For Toyland Progress

In the fall pageant scheduled for the latter part of November in which 75 Richmond children will take part it was announced yesterday by Matilda Meyer, director of the affair, with rehearsal being held every Monday afternoon in Memorial hall work is already progressing toward the event.

Rehearsal plans have also been arranged for an airplane dance. Roosevelt school auditorium has been chosen for presentation of the pageant.

Unity Convention Delegates Return

Returning this week from a three-day convention in Fresno of the daughters of St. George of California are Mrs. Bessie Medlicott and Mrs. Elizabeth Wright. Mrs. Medlicott is a member of Unity lodge here and returns as the president of the state organization. Mrs. Wright was elected grand treasurer of the order.

Four other Richmond matrons have been named in appointments made at the convention. They are Mrs. Annie Lansman, second congresswoman; Mrs. Luck Nee, inside guard; Mrs. Martha Robinson, flag bearer; Mrs. Annie Pouse, district deputy.

Mrs. Ruby Johnson Hostess To Beacon Chapter Sewing Club

Mrs. Ruby Johnson was hostess this week to members of Beacon chapter of Eastern Star Sewing club at her home in Pennsylvania avenue.

During an afternoon of sewing, plans were made to hold a public card party in Masonic hall, Oct. 8. Mrs. Johnson was appointed chairman of the committee on arranging the affair.

Mrs. Hazel Sears was appointed chairman of a committee to plan a good sale at Black's Groceries on Macdonald avenue on Oct. 8.

Home Missionary Society Prepares To Open Mite Boxes

A tea and appropriate program will be held at the mite box opening of the Home Missionary Society of the First M. E. church. It was announced this week at a meeting of the society at the home of Mrs. J. E. George in Belvedere avenue. The affair will take place during the middle of November. Appointed on the committee for arranging the program are Mrs. H. E. George, Mrs. John Meese and Mrs. C. E. Adams. The refreshments will be in charge of Mrs. Fred Sgierach, Mrs. C. C. Charles, Mrs. W. T. Gibbons and Mrs. C. C. Sanford.

The society wishing to aid in furnishing the new Beulah Road home for aged people which is nearing completion in Oakland, has appointed Mrs. Fred Sgierach, Mrs. W. T. Gibbons and Mrs. C. C. Sanford to inquire into the needs of the home.

WILLYS-KNIGHT SHOW INCREASE IN COAST SALES

That Willys-Knight and Willys-Knight automobiles showed a decided gain in registrations during the early part of this year, is seen in a report from the factory covering the entire United States, according to officials of the company.

"On the Pacific Coast, Willys-Knight and the industry as a whole held even with 1927 business and in both years Willys-Knight obtained 7.3 percent of the business," they said. "Figures from the twenty-eight states show that in January of this year Willys-Knight did 6.7 percent of the entire business as compared with 4.8 percent in January of last year. The industry as a whole showed a loss of 26 percent as compared with last year."

EASTERN INCREASE

The report also shows that in the Eastern section the Willys-Knight gain was 11 percent over that of the industry as a whole. Notable increases for Willys-Knight were in Connecticut which showed an 85 percent increase over 1927; Maine showed an increase of 125 percent as compared with a loss of 16 percent for the industry as a whole. In Maryland the industry's loss was 12 percent while Willys-Knight showed a gain of 77 percent.

"In the Midwest region Michigan scored an increase of 47 percent for Willys-Knight and the industry gained 2 percent. In Ohio Willys-Knight gained 102 percent over 1927 and the industry's increase was 11 percent. Wyoming increased 66 percent and the industry gained 27 percent."

NORTHWEST GAIN

"Willys-Knight gained 6 percent in the Northwest section over January of 1927 and the industry as a whole lost 16 percent. In this region Willys-Knight received 6.1 percent of all the business compared with 4.9 percent last year. Iowa turned in a gain

Let Experts Decide Your Traffic Laws

Correct solution of traffic problems, to achieve greatest possible benefit, must come from a careful study of the various situations involved in satisfactory vehicular movements on the basis of engineering data and not from hit and miss opinions of amateurs. The California State Automobile association makes this statement in urging communities which intend to alter their traffic laws to consider carefully the Uniform Traffic ordinance for California cities.

This standard code was drafted by the legal departments of the California State Automobile association and the Automobile Club of Southern California in co-operation with Dr. Miller McCulloch, nationally known traffic expert. The suggested regulations are the result of research which no single city or town would be able to duplicate.

The code is sufficiently flexible to apply to all cities, no matter what their size, and therefore can be used as the basis for any set of traffic rules, according to the motoring organization.

Sixty-three cities in the state now have this uniform code in effect. Its adoption by all cities in the state would increase public safety, would make motoring less difficult, would create a greater respect for law enforcement and would enable drivers to proceed with confidence, the Association points out.

MISSISSIPPI ROADS

Issuance of \$60,000,000 in highway bonds, and construction over a six-year period of 2,600 miles of surfaced roads has been authorized by the state assembly of Mississippi, according to the National Automobile club.

Of 161 percent and the industry in the state lost 20 percent. Willys-Knight actually registered 12.9 percent of all business done, an increase of 9 percent over January, 1927."

BUREAU WARNS AUTO OWNERS ON SCHEMES

Motorists are warned against the operation of automobile service promotion schemes operated for the profit of promoters. In a bulletin issued by the National Better Business bureau, Results of a nationwide survey conducted by the bureau are reported by the California State Automobile association as showing that such schemes are now one of the commonest promotion plans in the country. Implied connection with reputable automobile clubs is one of the principal of many misleading statements advanced by the promoters of such schemes, the association points out. The Better Business bureau warning to motorists on these "service-schemes for profit" follows:

"In approaching motor car owners for membership in these companies, solicitation is usually made in the street or through the mail."

LEGAL SERVICES

"Statements concerning legal services furnished by the company have led prospects to believe that the company would be responsible for all damages caused by the contract holder's car. The facts are that the policy usually consists of a personal accident policy of very limited coverage which does not protect the holder against liability, property damage, or loss by fire or theft. The legal services generally represent the giving of legal advice and assistance and do not cover the contract holder in the event of a suit for damages caused by his car."

"The implication usually made in selling the service contract is, however, that it includes a complete insurance policy indemnifying the contract holder against all liability, property damage and loss from fire and theft and that discounts can be obtained almost universally on purchases of accessories, gas and oil."

New Balloon Tire Displayed

NEW IMPROVED Western Giant balloon tire which is said to be the crowning achievement of their many years in the retail tire business, is being featured this week by the Western Auto Supply company. George Pepperdine (right) president of the company and Hal Baker, general manager.

WESTERN AUTO SHOWING NEW BALLON TIRE

Keeping step with modern motoring requirements, the Western Auto Supply company has announced this week through their more than 150 western stores, a new improved Western Giant Balloon tire.

"Quick starting, four wheel brakes, smooth pavements, greater speed and other demands of modern motoring call for a new and different tire," said the local Western Auto Supply company manager R. J. Kelley, in making the announcement of the new tire. "Western Auto meets this demand with the perfectly balanced, new, improved Western Giant balloon with center traction tread."

"This new tire is the crowning achievement of our many years in the retail tire business," said Kelley, "and the result of years of experience gained while providing motorists of the west with millions of long-wearing economical tires."

"Our new improved center traction tread increases mileage and makes driving safer. The continuous center and side running strips of the tread, equalize road surface, adds thousands of miles to tread life and makes steering easier. Scientifically designed slots and grooves increase traction and safety and tough bars of rubber extend over the sides of the tread as special protection against curb scrapes and curve speeding."

ADDITIONAL RUBBER

"Additional rubber has been used in the new improved Western Giant balloon and the pure gum rubber is specially treated to make it more wear resisting. With superior design, balance, material and construction through and through, it is our sincere belief that in the new improved Western Giant balloon with its center traction tread, we offer the finest, most economical, most rugged, longest lasting and safest tire that has ever carried the envied name of Western Auto supply."

"Every new improved Western Giant Balloon tire is backed by the same iron-clad guarantee, the same tremendous resources and by the same 'Customer is Always Right' policy that has always assured the complete and lasting satisfaction of every Western Auto customer with every purchase."

GASOLINE CUTS GREASE

Greasy matter can be best cleaned from the brake lining by removing the band or shoe and brushing it with gasoline, according to the service department of the National Automobile club.

Berlin Gives Pilots To All Motor Visitors

Strangers motoring to Berlin, Germany, will soon be able to "take on a pilot" at the city's outskirts, who, for a small fee, will guide them to their destination by the most direct route and will acquaint them with the traffic rules, according to foreign advice received by the California State Automobile association.

These "pilots" will be furnished by the Berlin-Brandenburg section of the German Automobile club and by the company that has the concession for gasoline filling stations on the city streets. They will be young men from 15 to 18 years old, who must serve in this capacity for three years during which time they will receive training as automobile mechanics.

Average Life Of Autos Increased

The average life of a motor vehicle in the United States has increased 14 percent, according to statistics reported to the California State Automobile association.

A total of 1,825,581 vehicles were sent to the scrap heap last year. This was 12 percent of the total registration at the beginning of the year, indicating that should this average maintain the entire stock of motor cars and trucks would be replaced every eight and one-fourth years.

Noisy Valves Easily Fixed Says Expert

For those who are particularly "fussy" regarding noisy valve adjustment, the following is offered by L. G. Evans, of the service department of the National Automobile club. It is not necessary to set the valves very close and thus impair their proper action to obtain quietness. It is the unevenness of adjustment that make the annoying noise. Be sure that the adjustment on each valve is exactly even in amount with all the others and it will be found that a loose adjustment can be cared for without undue noise.

SPEED LAWS FOR AUTOS ARE DEFINED FOR DRIVER

Practically all motorists are aware that 40 miles an hour is the legal speed on the open highway of California, but there is some question as to the limit in business, residence and restricted areas, according to William R. McWood, general counsel of the National Automobile club. McWood clears up the points in doubt by the following information:

First of all, McWood states, it is well to recall what the California vehicle act has to say concerning general restrictions as to speed. That is: "Any person driving a vehicle on the public highways of the state, shall drive at a careful and prudent speed, not greater than is reasonable and proper, having due regard for the traffic, surface and width of the highway and so person shall drive at such speed as to endanger the life, limb or property of any person."

Motorists should always keep that advice, or warning, as it might be called, in mind, says McWood.

Then there is the matter of the various restrictions in speed, some of them very unfamiliar to many motorists. Fifteen miles an hour is the limit when traversing a grade crossing of any steam, electric or street railway when the driver's view is obstructed. A driver's view shall be deemed obstructed when at any time during the last 100 feet of his approach to such crossing he does not have a clear and uninterrupted view of such railway crossing for a distance of 400 feet in both directions from such crossing.

Fifteen miles an hour is again the limit on highway intersections when the driver's view is obstructed, which means in this case at any time during the last 100 feet approaching the intersection he does not have a clear view of the intersection and of the traffic on all highways entering the intersection for a distance of 200 feet from the intersection.

Fifteen miles an hour is the limit in going around curves or corners of a highway when the view is obstructed within a distance of 200 feet along the highway.

In this connection McWood explains that every public highway is presumed to be outside of a business or residential district unless it is clearly established otherwise and unless signposted to limit speed.

At present there is considerable agitation to raise the speed limits in certain business and residence districts. Many experts in traffic control are quoted as saying that existing speed laws are obsolete and if obeyed to the letter, would only serve as deterrents to well regulated traffic. It is highly possible that the State Legislature will, in the near future, see fit to raise the limits in order to put California abreast of latest traffic developments, according to McWood.

Dependability Satisfaction and Honest Value

the SUPERIORITY of this patented engine NOW AT LOWEST PRICE !

The brilliant success of the Standard Six has brought the number of Willys-Knight owners to more than 325,000. And now thousands are being constantly added—motorists find that the patented double sleeve-valve engine even surpasses its reputation for high compression, velvet smoothness, silent power and carefree, economical operation.

Naturally, it costs more to build this superior power plant—but the Standard Six has definitely broken down the price barrier. All of Willys-Knight's exclusive advantages are now made available to a great new market—at the lowest price in history!

Willys-Knight prices from \$745 to \$2395, in the Standard Six, Standard Six and Great Six divisions. Prices f.o.b. Toledo, Ohio, and specifications subject to change without notice. Willys-Knight, Inc., Toledo, Ohio

Desk Blotter As Auto Gasket

It, when working on your car, you are unable to secure a gas-pump, a blotter can be used as a gasket, according to the National Automobile Club. The blotter, made from a piece of desk blotter, is placed between the pump and the car body. An offer has been made for the California State Automobile association.

WATCH YOUR CLUTCH

Overheat and overwork of the engine may be caused by a slipping clutch.

Foreign Cars May Enter N. Y. Exhibit

Latest European cars will be displayed alongside the American models at the 1929 automobile show in New York. If present, the foreign cars will be displayed in the same building as the American cars. An offer has been made for the California State Automobile association.

STUDEBAKER ESTABLISHES NEW RECORD

Word has just been received by L. J. Thomas, Richmond Studebaker dealer that Norman Smith, motor editor of the Sydney Times in company with an official representative of the Royal Automobile club of Australia has driven the Commander to new hill climbing records.

Bull Pass, a steep incline near Sydney, was the first playground of Smith and his Commander. With one passenger, he drove a stock model Commander Roadster over the summit in high gear without apparent injury or strain.

ANOTHER TEST To further prove the climbing ability of the Commander it then approached Kurrajong Heights, another severe test hill outside of Sydney. Never before had a stock car under official observance made the climb in high. Yet the Commander with one passenger in addition to the driver went "over the top" with the smoothness of an express train.

"Studebaker made Kurrajong and Bull look trivial—it is indeed a thoroughbred," was the comment of Smith following the tests.

ALL RECORDS The Studebaker Commander now holds all Australian speed and endurance records for 4 hours. These records were established in July during a run on the dry bed of Lake Perkolilli when a stock model Commander ran 1700 miles at an average speed of more than 70 miles per hour.

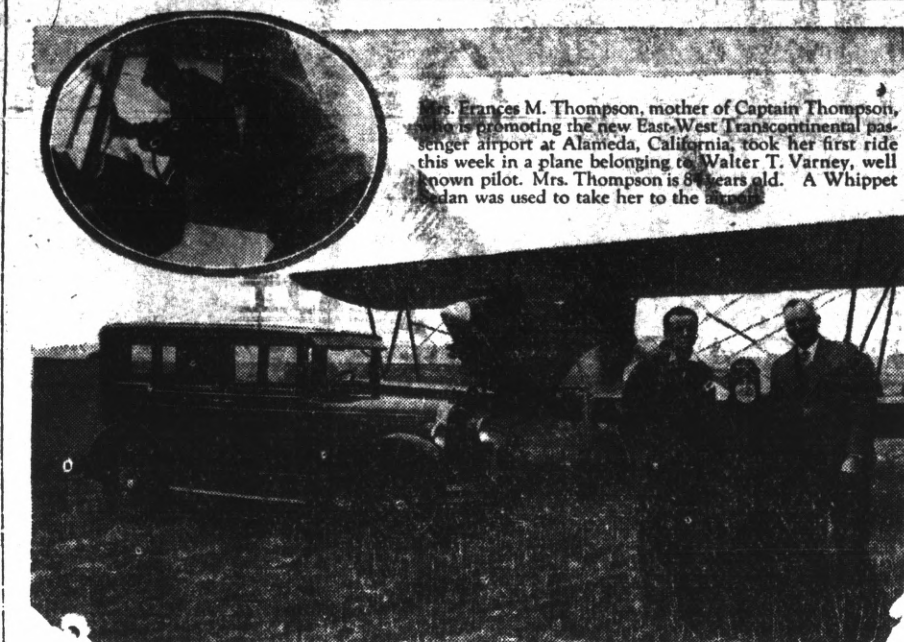

With 48 Australian records held by Studebaker supplementing its American records, Studebaker performance is assuming an international significance.

Here's How To Tell If Lights Are On

Driving along at night the motorist sometimes is unable to tell by looking ahead of the car if both headlights are burning, according to L. C. Shaw, general service manager of the National Automobile club. An easy way to determine this point is to stop and check up, but it is a process that does not have as many followers as it should.

AMERICA LEADS Nearly nine out of every ten motor vehicles now in use throughout the world are of American make, according to the National Automobile club.

Birds Of A Feather

TWIN IGNITION PLAN OF NASH WINS PRAISE

That the public immediately reacts to any new announcement in motor trade circles and follows with the keenest interest, the new models as brought out by the various leading automobile concerns is a well known fact in trade circles.

However, seldom in the past history of the local trade has such a pronounced buying wave made evident in such unmistakable fashion the preference of the Northern California motoring public for a new offering as the landslide of sales which has been made by the new Nash "400" models since their introduction here.

NEWER AND FINER In all sections of Northern California since the first showing of the new "400" models the public has been finding that in truth it is a new and finer motor car. Not only has the new Nash set a style standard that won instant approval but it also is enthusing new owners and dealers by its remarkable performing ability.

This performance is due in part to the twin ignition motor which results in amazing speeds and exceptional power. The new cars here and everywhere throughout the country are really selling themselves to the public by their performance.

PUBLIC THANKED We therefore thank the public for the sales records which have been made since the new Nash was introduced and give the performance of the car and its acceptance by the public as the reason for the fact that during August in the Northern California territory, Nash outregistered and outsold all other six cylinder cars, a fact that is proven by Motor Registration News statistics.

The sales total for the leading six cylinder cars for the months of July and August, the two months since the introduction of the new Nash models, shows that for the two months period Nash leads all six cylinder cars in sales for the 47 northern counties of the state.

Models of the new Nash cars are on display at the showrooms of H. P. Huddleston, Richmond Nash dealer.

Legal Ban Put On 'One Arm Driving'

It has remained for a little village in the Missouri hinterland to be the first community to put a legal ban on the practice of spooning while driving, and thus to make an effort to put the one arm driver out of business, according to the National Automobile club.

FREE SAMPLE

Call for a free sample of Indian herbs compound at any of the local agencies where samples are given out and herbs sold. They are an excellent liver regulator for sluggish bowels, kidneys and constipation.

Indian Herbs are for sale by all the local drug stores and at many other business places whose addresses are listed on the second page of the circular in each free sample given at all the local agencies. Geo. W. McPherson, resident agent for The Great American Herb Co., 607 Macdonald ave.

FAITH IN CAR EXPRESSED BY JOHN P. STROM

"When we selected the Oakland-Pontiac line of cars to sell to people of Richmond, we were not merely getting a franchise to sell an automobile," said J. P. Strom, yesterday in discussing new models of the popular cars. "We deliberately and thoughtfully studied the automobile lines of all makes and decided that the life-long satisfaction of our customers, and the continued growth and prosperity of our business, would best be served by the Oakland-Pontiac line," Strom declared. "Not by a season nor a year, nor by 10 years do we measure our business life in this community. Each year we serve the public of Richmond and of this market, we expect to add to the stability and performance of our organization. To do this our cars and our service must give satisfaction. We stand unqualifiedly behind every Oakland-Pontiac car we have sold, or will sell in the future."

Autos Spelling Doom To Top Hat

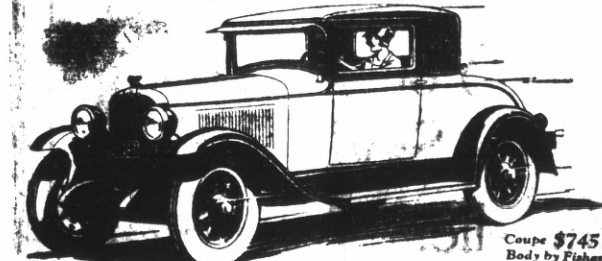

LONDON, Sept. 22.—The automobile is causing the gradual disappearance of the top hat, according to a London hat manufacturer. "The tall hats are impossible for motoring," he said, and soft hats are crowding them into the back ground. He said that the top hat will never be so popular as it was before the war.

Don't Start Auto Before Ferry Docks

Motorists who start their engines on ferries before the boat has docked are violating a federal statute and are subjecting themselves to a maximum penalty of 90 days in jail and \$500 fine, according to the touring bureau of the California State Automobile association. The law specifies that the engine of the car must not be started until the ferry has been made fast to the slip or wharf.

Come in and get acquainted with the advantages of this car and with the facilities of the local house that sells it. You're always welcome here," Strom concluded.

WHY SHOULDN'T IT BE the finest of Low-Priced Sixes?

Everywhere you hear Pontiac referred to as the finest of low-priced sixes... and never was any car more clearly entitled to such renown. Today's Pontiac Six is the product of two big engineering staffs—General Motors and Oakland's design represents exhaustive testing at the General Motors Proving Ground. Its appearance and comfort reflect the supremacy of other bodies. Its many exceptional features are made possible by the economies of General Motors' combined purchasing power. And it is built in America's most modern automobile plant. These are five fundamental advantages enjoyed by no other builder of low-priced cars. So why shouldn't today's Pontiac Six excel in value? Come in today and learn what Pontiac offers at \$745.

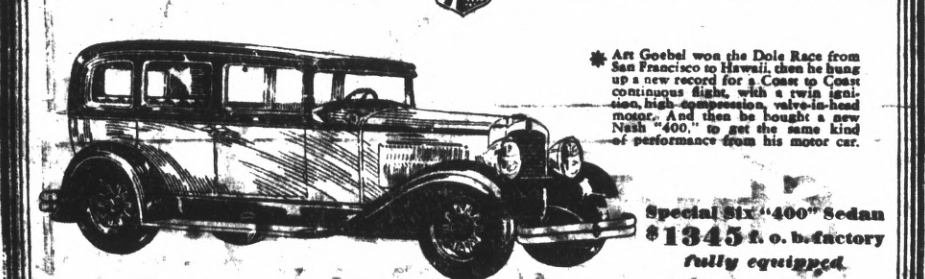

2-Door Sedan \$745; Sport Roadster \$745; Phaeton \$775; Cabriolet \$795; 4-Door Sedan \$825; Sport Sedan \$875; 5-Door Sedan \$925; 6-Door Sedan \$975. All prices at factory. PONTIAC SIX
PRODUCT OF GENERAL MOTORS

THE WORLD HAS A NEW AND FINER MOTOR CAR

It was a Twin-Ignition Motor that carried Lindbergh over the Atlantic, Goebel over the Pacific, Byrd over the Pole!

In history-making flights Lindbergh, Byrd, Goebel and a host of others have established dramatically and conclusively the superiority and reliability of twin ignition, high compression, valve-in-head motor performance.

And all three principles are combined in the great new Nash Twin Ignition Motor which powers every Nash "400" Special and Advanced Six model.

The Nash Twin Ignition Motor, with two ignition coils instead of one, two

spark plugs (airplane type) to each cylinder instead of one, 360 sparks a second instead of 180, at top speed, burns the highly compressed gases more thoroughly and economically.

The result is more power from less gasoline, and ordinary gasoline at that. No special, high priced fuels are required for the Twin Ignition Motor.

Once you drive the great new Nash "400," you are certain never to be contented with the performance of older types of motors.

At \$1185 THE NEW STUDEBAKER Dictator includes ball bearing spring shackles

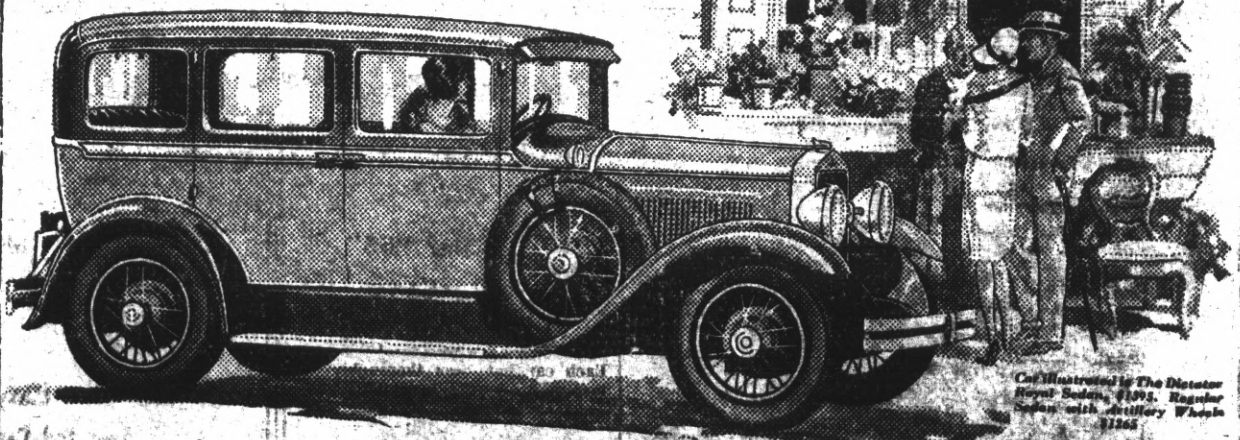

RIDING comfort, such as Studebaker alone can offer, is yours in full measure in the smart, new Studebaker Dictator at \$1185. For not only The President Eight and The Commander, but also Dictator models are equipped with Studebaker's exclusive ball bearing spring shackles.

These shackles poise the chassis, friction-free, permitting perfect functioning of hydraulic shock absorbers and long, plant springs. Lubricant sufficient for more than two years' average driving is sealed in each shackle. They will never squeak, nor rattle, nor bind.

Studebaker holds more official records for speed and stamina than all other makes of cars combined. The Studebaker Dictator's record of 5,000 miles in 4,751 minutes stands unequalled by any stock car under \$1,400.

New styles, new lines, new colors, new comfort—at a price possible only because of Studebaker's One-Profit manufacture. And behind it, 76 years of building quality transportation. Come—drive a Dictator—you'll want to own one if you do.

What Do You Mean When You Say "Automobile?"

WHAT does the word "automobile" mean to you? Just a piece of machinery that is capable of propelling itself at the time of purchase — or a piece of machinery that will deliver fifty or a hundred thousand miles of satisfactory road transportation?

Anybody can sell you an automobile, according to the first definition. Only a responsible, fully equipped, well established merchant in automotive transportation can deliver the order in full.

Studebaker's Pledge to the Public on Used Car Sales

We sell USED cars on the same basis as we sell NEW cars — ONE PRICE — THE SAME PRICE TO ALL — every car honestly represented and honestly priced. You can buy any one of our fine used cars — under the protection of the Studebaker Pledge — and know you have made an investment in a quality car that will last longer, give infinitely more satisfaction, riding comfort, and power than a new car of cheap construction and uncertain life.

Measure used car value by the Studebaker Pledge.

No matter what make of used car you intend to buy you can not afford to purchase without first seeing our fine selection of open and closed models, painted in popular and striking color combinations, and backed by the Pledge that is your protection.

1—All used cars offered to the public shall be honestly represented. If a car is suitable only for a mechanic, who can rebuild it, or for some one who expects only a few months' rough usage on a camping trip, it must be sold on that basis. Each car must be sold for just what it is.

2—All Studebaker automobiles which are sold as CERTIFIED CARS have been properly re-conditioned, and carry a 30-day guarantee for replacement of defective parts and free service on adjustments.

This is possible because tremendous reserve mileage has been built into every Studebaker, which it is impossible to exhaust in years.

3—Every used car is conspicuously marked with its price, in plain figures, and that price, just as the price of our new cars, is rigidly maintained.

The public can deal in confidence and safety only with the dealer whose policy is "one price only—the same price to all." For to sell cars on this basis, every one of them must be honestly priced to begin with.

4—Every purchaser of a used car may drive it for three days, and then, if not satisfied for any reason, turn it back and apply the money paid as a credit on the purchase of any other car in stock—new or used.

It is assumed, of course, that the car has not been smashed up by collision or other accident in the meantime.

Not only to the public, but also to The Studebaker Corporation of America, whose cars we sell, we pledge adherence to the above policy in selling used cars.

L. J. THOMAS

COMEDIANS TO PRESENT NEW REVIEW TODAY

Nat Holt's comedians will present their fourth offering at the California theatre today. It is a splendid new show entitled "Papa Love Mama" in which the ever popular Bobby Fitzsimmons will be seen in his funny old man character.

New scenic effects, new settings, new wardrobe and a bright array of new musical numbers will enhance this new production. The quartet will be featured in a specialty and Bobby will sing the new hit "Good Night." Clarence Wurdig will render "Just Like a Butterfly." The Knight Sisters will be seen and heard in a nifty "celebrity" specialty.

Baseball Fans Have Variety Of Games Today

Ball fans have plenty to choose from in the line of games in the bay district today. In the San Pablo diamond, the City of San Pablo team will clash with the Goodman Clothiers, champions of the Maxwell Inter-county league. In Vallejo, the Johnson Clothiers, managed by Phil Jones, will meet the Vallejo state league team. The Danville Merchants, formerly the Richmond Carmen, take on the Coon Pharmacy of San Francisco this afternoon in Danville.

"Lefty" Reckleberg will oppose Carl Kamb on the mound in the San Pablo-Clothiers game. Either Pickles, Wright or Roberts will do the twirling for the Johnson Clothiers and "Lefty" Eglit will pitch for the Danville crew.

Rookie Twirls Giants To Win

POLO GROUNDS, New York, Sept. 22.—(U.P.)—Carl Hubbell, a raw boned rookie from Texas, came back to the pitching box at the Polo Grounds this afternoon to finish the job he began on Thursday of hurling the New York Giants close up on the heels of the faltering St. Louis Cardinals, their opponents in today's game and in the stretch drive for the National League flag.

So well did the youngster, who has been up with the Giants only a matter of weeks, do his job and so obligingly did the Cardinals kick away another ball game, that New York triumphed by the score of 8 to 5 and the two clubs are separated by the margin of a single game.

White Sox Win From Yankees

COMISKY PARK, Chicago, Sept. 22.—(U.P.)—Alphonse Thomas, White Sox twirler, broke a two year funk today by defeating the league leaders, New York Yankees, 5 to 2.

It was the first time in his major league career that the former Baltimore star had downed the Yanks, to whom he has lost 11 starts.

Duck Hunters To 'Warm Up' Today

Prospective duck hunters have been invited to "warm up" today on the shooting ground of the Stauffer Chemical works in Stead. Duck season opens Oct. 4. Frank Arnold, in charge of the traps on the Stead ground, and R. B. Derr, president of the Richmond Sportsman's club, have extended an invitation to all hunters to avail themselves of practice this morning from 9 o'clock until noon.

INTERNATIONAL BIBLE STUDENTS
Meet at 318 Bissell avenue at 7:30 a. m.
A cordial invitation is extended to all Truth seekers. Admission Free, no collection.

'We Americans' War Picture At Local Theatre

"We Americans" one of the greatest motion pictures of the year, opens at the California theatre today.

It is an unusual picture in many ways. In the first place it brings George Sidney in a dramatic role.

He portrays his role in "We Americans" with rare discrimination. But a little about the story: Three families emigrate to New York, from Russia, Germany and Italy. The parents retain all they loved of the old country, making no effort to become Americanized, while the children grow up to be typical young Americans, incapable of understanding their parents, who in turn are incapable of understanding their children.

But the war comes along for bright moments and their children realize that the ending is of rare beauty and happiness, raising the picture to the heights of art.

On the stage at the California theatre the Nat Holt comedians will present their new revue, "Papa Love Mama" and of course other short screen attractions will be shown.

There will be special duet by Miss Margaret Kay and Mrs. Eric Rounds. The pastor will preach on the subject of "The Free State." Come and worship God with us, for everyone finds a welcome at Point Richmond Baptist Mission.

COMMUNITY METHODIST CHURCH
21st and Roosevelt avenue. Geo. W. Forman, minister.

Aw Gawan, Smile

BOBBY FITZSIMMONS, leading comedian with Nat Holt's comedians who will present their fourth offering today at the California theatre in a revue entitled "Papa Love Mama."

He's Fool For Luck

CHESTER CONKLIN, who with W. C. Fields will be at the California theatre tomorrow in "Fool For Luck."

Conklin Picture Monday Feature For California

Jack Loden, the rising young juvenile player, who has just finished the juvenile lead in the latest Wallace Beery-Raymond Hatton team comedy, "Patrons in Crime," has a similar role in the new W. C. Fields-Chester Conklin picture, "Fools for Luck," to be shown at the California theatre tomorrow.

Lloyd Hamilton in "Between Jobs," reel number three of the star guessing contest and a host of other short film features will complete the program.

Kelley Here On Way To Gallows At San Quentin

Leo P. Kelley, convicted of killing Mrs. Myrtle Melius, Los Angeles society matron, passed through Richmond yesterday in company with 23 criminals bound for San Quentin prison.

Kelley whose admitted illicit affairs with the married woman have placed him in the shadow of the gallows seemed optimistic over his chances for gaining his liberty through an appeal to the state supreme court. A large crowd of curious persons were gathered at the station to catch a glimpse of the man who has figured so prominently in the newspapers lately. Kelley was unperturbed and posed for photographers with a broad grin on his face. Deputy Sheriff Ed Crowley of Los Angeles accompanied the group of prisoners.

Richmond Boys On Bear Frosh

Two Richmond boys have made the Frosh first string squad at the University of California. Charles Haldwin and Frank Diamantini, members of the 1927 Richmond Union high school eleven, have been selected for the first string of the Bear "Babes."

Kenny Swenson and Norman Schaffer have also been trying out for the first string and may yet secure positions.

Richmond Hunters Return With Deer

Grant Ewing, Lester Marshall and Bert Coombs returned home yesterday after a two weeks hunt in the vicinity of Table Rock, Mineral Springs and Mt. Lassen.

As trophies they brought back two four-point bucks, each weighing about 180 pounds.

Martinez Sportsmen Bid To Local Meet

Invitation to attend the regional conference in Richmond next Wednesday night has been extended to the Martinez Fish and Game Protective association by Dr. Forest Graham, secretary of the Richmond Sportsmen of California.

Sportsmen from Alameda, San Francisco, San Mateo and Contra Costa counties will attend the conference.

Jesus as a Preacher. There will be an anthem by the choir. The B. Y. P. U. meet at 6:15 p. m. and at 7:15 will go to the Baptist church at San Pablo to assist Rev. Stage in the service. Evening service 7:30. Sermon by Rev. Weldon M. Wilson will be "If This Were My Last Sermon."

FIRST CHURCH OF CHRIST SCIENTIST
Nevia avenue at 12th street. This church is a branch of the Mother Church, the First Church of Christ, Scientist, in Boston, Massachusetts, and holds Sunday services at 11 a. m. and 8 p. m.
Subject for Sunday, September 23, "The Christian Science." Sunday school convenes at 3:30 p. m. Wednesday evening meeting is held at 8 o'clock. At which testimonies of Christian Science healing are given.

The Christian Science free reading room is located on the second floor of the Muller building, 271 10th street, rooms 219 and 218. Room 219 is open from 9 a. m. to 10 p. m. The main reading room and classroom are open from 12 to 4 and from 7 to 9. Excepting Sundays, holidays and Wednesday evenings.

The public is cordially invited to attend the church services and to use the reading rooms.

School nurse says all girls should know this

TALKING to a handful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal feminine habits should be encouraged. But when necessary there is no harm in taking a laxative, since it works mechanically and does not disturb the normal functions of any organ of the body. Particularly with girls, there are times when stool should always be taken. Take a spoonful every night for a few days. It is a thoroughly safe and harmless method. It won't cause distress or gas pains or griping."

Nurse is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling because it is so pure and harmless. And it works so easily. Every woman should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine.

SANITATION BIG PROBLEM

(Continued from Page 1)
The had been wandering aimlessly about, no place to sleep and little food to eat for days.

Deaths from drowning, according to reports of relief workers, have exceeded by far those from other causes. The waters of the shallow lake were swept southward, then northeastward by the 100 miles an hour wind.

LOSS OVER \$50,000,000
W. L. Schafer, Red Cross relief director, raised his original estimate of the dead today to 1000 and hinted it might go higher. He believed the damage in Palm Beach county exceeded \$50,000,000.

Trains ran to Pakeness today for the first time. They took medical supplies, tents, coats and food and brought out refugees.

A coordinated relief plan was worked out by the Red Cross, were established at Jacksonville. Secondary relief headquarters were established at Jacksonville, Tampa and Fort Myers.

Overloaded Truck Costs Driver \$120

The heaviest fine for motor vehicle violation in El Cerrito was assessed by Police Judge J. F. Plank yesterday.

A. L. Mantone of 124 Fifth street Oakland, a driver for the Lena and Rosenbath company of Oakland and Pittsburgh, was fined \$120 for driving a truck 12,000 pounds overweight. In fixing Mantone, Judge Plank made the assessment at the rate of \$20 for each ton overweight.

Three Killed In Gas Tank Blast

LIVERMORE, Sept. 22.—Three men were killed and a fourth was probably fatally burned in the explosion of a gas tank on an auto truck on the Hetch-Hetchy construction project yesterday. The dead are Neil Lane, 36, Oakland; E. Grassiot, 45, Livermore and Peter Navares, 43, of Livermore.

Final Action Lafayette Dam

(Continued from Page One)
Heavy weight of the dam structure construction work on the dam has been halted.

Residents of the district were scheduled to hold a mass meeting to hear the report of the District's engineers, before taking any steps to block the completion of the dam.

Attorneys, without consulting the law in such matters, are of the opinion that no injunction can be obtained preventing the completion of the dam by the district.

29,687,499 Autos In World Estimate

There are 29,687,499 automobiles in use throughout the world, according to department of commerce reports received by the California State Automobile association. World registration increased by 2,093,290, or 7.6 percent last year.

U.S. COLUMBIA RIFT HELD NEAR

(Continued from Page One)
asking that the cancellation be withdrawn. No reply was received from the Colombian government, the United Press was informed, and in January, 1928, almost two years later the Barco company asked the department of state to request Columbia to reply to their memorial. No formal reply was received, but Colombian officials informed the department that while they could not justify cancellation of the concession for the reasons given in the 1926 decree, they believed they could cancel it on other grounds.

CANCELLATION CONFIRMED
Last August another Colombian decree confirmed the earlier cancellation, but explained the cancellation on new grounds. Soon thereafter the Barco company requested the American legation at Bogotato to ask the Colombian government whether the company would be privileged to forward another memorial reply to the latest cancellation decree. The legation put the question to the Colombian government.

The minister of foreign affairs, the United Press was informed, replied on August 14 that Colombia could not admit the legation's right to interfere in a controversy of administrative character between Colombia and a private company. It was this reply that motivated the state department's note of Sept. 11, in which the United States asserted that the problem did not involve the question of interference, because the legation merely had asked a question of fact relative to the Barco company's right to reply to the cancellation decree.

U. S. WITHIN RIGHT
This note continued to say that the United States considered itself within its rights because the request was not a representation on the merits of the case nor was it intervention nor interference, but merely a request for information. The United States regretted Colombia's refusal to deal with the problem in the manner customary in intercourse between friendly nations, but stated that that would not cause this country to desist from according such protection and assistance to United States citizens as might be proper and necessary.

Press reports of this note in Colombia caused a profound political sensation in Bogota. The state department is following the Barco case closely.

La Franz-Hilscher Motor Co. Shows Used Car Bargains

The La Franz-Hilscher Motor Co., Hupmobile dealers, announce in this issue of the RECORD-HERALD a list of exceptional bargains in used cars. The prices on these automobiles have been slashed to bedrock and the public has never had a better opportunity to buy transportation for so little money. It will pay you to look over the list of bargains in the Used Car Page of this paper and see the cars on the used car lot of the La Franz-Hilscher Motor Co. across from their salesrooms at 1427 Macdonald avenue.

MATCHES FOR RICHMOND NET TOURNAMENT SET

With 60 entries in the singles and 28 teams in the doubles the first Annual Contra Costa Tennis championships sponsored by the Richmond Tennis club will start next Saturday. Play will be held on the Richmond Municipal courts, located across from the City hall. George Green, Golden Gate star, was given number one seeded position on the strength of his showing in the state championships held at the California club, while W. P. Honsberger, Berkeley tennis club champion, finalist in the Oakland city championships, and winner of the Berkeley city championships, was given number two seeded position.

A glance at the list of entrants in the tourney shows that some real tennis will be brought forth. The schedule of matches for the tournament is being arranged by the club's tournament committee and will be published early this week, according to A. S. Rennell, chairman of the tournament committee.

The players registered and their matches are:

Demurrers In El Cerrito Suit Upheld By Court

MARTINEZ, Sept. 22.—Demurrers filed by Mayor Phil A. Lee of El Cerrito and Miss Grace Moses, Berkeley accountant, were sustained yesterday in Martinez, by Superior Judge H. V. Alvarado, who allowed W. A. Hinds, former police judge of El Cerrito, 20 days to file an amended complaint. Hinds is suing Mayor Lee and Miss Moses for \$25,000 damages, charging that he was injured in that amount when accused of embezzling \$719 of city funds.

Mayor Lee held in his demurrer that the complaint does not specify whether Hinds is suing for libel or for slander or what words it is claimed that Lee used in making the alleged charge of embezzlement.

Hinds was ousted from office when the present city officials were installed. Miss Moses was called upon to make an audit of

Chinese Buglers At First Baptist

A Chinese Bugle corps and a chorus of 30 Chinese boys all in uniform will be the special feature at the service tomorrow evening at the First Baptist church. There will be a service of baptism and the Rev. Weldon M. Wilcox, the pastor, will speak on "If This Were My Last Sermon." He will tell 1. What he would say to his church members. 2. What he would say about different churches and doctrines. 3. What he would say about Al Smith and Herbert Hoover in the coming election.

At the morning service Rev. Wilcox will speak on "Jesus As a Preacher." There will be an anthem by the choir.

St. Edmund's Guild will meet for an afternoon of social service work Tuesday in Guild hall.

The books and reported a shortage of \$719. The demurrer filed by Miss Moses contends that her report was confidential and privileged material.

Charley Brown, Party Return

Charley Brown, Richmond contractor and party have returned from a hunting trip in the vicinity of Redding. According to all reports received from various sources an exciting time was experienced by the group while enjoying the hospitality of the northland.

RETURN FROM LAKE

Mr. and Mrs. C. W. Gerritz and Mrs. Mamie Ripley, who have been spending several weeks at Clear Lake Oaks have returned to Richmond. Gerritz built a summer home on his Lake property during his vacation.

VISITORS RETURN

Called to Altadena by the illness of an old friend, Mrs. H. G. Lott of Chicago, who has been visiting here with her sister, Mrs. R. J. Gasser of Chasler avenue, left Richmond yesterday.

To introduce the biggest cabinet value ever offered in this community, we are offering a big 45-piece set of high grade aluminum with a limited number of the new Hoosier Beauties at no cost to you. The low cash price, \$72.50, applies. You pay nothing for the aluminum or for the privilege of buying on the most liberal terms we have ever offered. The sum of \$5.00 delivers the New Hoosier Beauty and this big set of high grade aluminum to your home immediately. The balance can be paid in small weekly amounts convenient to you. Don't miss this opportunity to own a Hoosier Beauty!
